Kattbank / By Kattbank

For any cat owner living in a small space, the placement of the litter box is a true conundrum. The kitchen is unsavory; the closet too cluttered; the bathroom too small—and certainly, kitten doesn't appreciate being on full display in the living room. The Kattbank was developed with this in mind, melding a fully functioning, pro-feline bench with a concealed litter box that blends seamlessly into your modern decor. www.kattbank.com
